Honorable Members in Session:

SUBJECT: Execution of Disposition and Development Agreement (DDA)
with John K. Holcomb and W.E. Overholtzer, a Limited
Partnership, for the Oak Park Fire Station No. 6, 3414
Fourth Avenue

SUMMARY

This report presents a request for authorization to enter into a Disposition and Development Agreement and to execute all documents related thereto with John K. Holcomb and W.E. Overholtzer, in order to purchase and rehabilitate the Oak Park Fire Station No. 6 for office use.

BACKGROUND

The Agency has been attempting to initiate a redevelopment project at the Oak Park Fire Station No. 6 since 1982. At that time the City authorized the Agency to act as the developing agent for the Fire Station Property, (Resolution No. RA-02-002, July 12, 1982). A parcel map indicating the location of the station is attached as Exhibit A.

The Agency first advertized a Request for Proposals (RFP) to redevelop the Fire Station in the Spring of 1983. Two proposals were submitted in response to this invitation, however both were incomplete. The Agency attempted to work with each submitting party but neither proposal was ever finalized.

The initial RFP for the Oak Park Fire Station has remained open. On August 7, 1985 the Oak Park PAC, concerned over the City's intention to demolish the Fire Station structure in the absence of a viable redevelopment strategy, requested that the Agency step up efforts to find a developer for the site. The RFP was readvertized three times at approximately two month intervals during the time period between October 1985 and May 1986.

The Selection Committee established to review the responses to each of these last three Requests for Proposals included the following persons.

Virginia Moose	SHRA Commissioner
Joe Rogers	Oak Park PAC Member
David Nakashima	Oak Park PAC Member
Leon Weston	Oak Park PAC Director
Charolotta Kirby-Leonard	SHRA Loan Officer
Ken Larsen	SHRA Rehabilitation Specialist
Anne Moore	SHRA Oak Park Planner

The first advertisement did not generate a response. The second advertisement was responded to by Mr. Holcomb. At that time, the Selection Committee rejected Mr. Holcomb's proposal, recommended advertising the RFP a third and final time, and invited Mr. Holcomb to resubmit.

Mr. Holcomb did resubmit a much stronger proposal and again his proposal was the only one submitted. The Selection Committee recommended that Mr. Holcomb be given the opportunity to respond to a list of concerns as summarized in a staff report to the Redevelopment Agency dated June 11, 1986. The Redevelopment agency adopted a resolution giving Mr. Holcomb 60 days to respond.

Mr. Holcomb was able to satisfy all of the concerns of the Selection Committee. In the process he formed a partnership with Mr. W.E. Overholtzer whose development experience and financial strength greatly increased the viability of the proposed project.

The Selection Committee met again on October 29, 1986 and unanimously recommended in favor of negotiating a DDA with Holcomb and Overholtzer.

Proposed Project

The Holcomb and Overholtzer Partnership proposes to redevelop the Fire Station Property to provide 4,750 sq. ft. of quality office space catering to lawyers and other professionals using the McGeorge

Law School and law library. Eighteen (18) parking spaces will be provided on an adjacent parcel which Mr. Overholtzer is contributing to the partnership and another adjacent parcel under option to the partnership. The Scope of Development, Schedule of Performance, and Site Plan are attached as Exhibits B, C and D.

The developer has estimated the following development costs to purchase and rehabilitate the Fire Station property:

A. Purchase Price-Fire Station	\$	100
B. Purchase Price - Adjacent lot for parking	\$	10,000
C. Improvements	\$	133,500
D. Contingency and Closing Costs	\$	<u>13,900</u>
TOTAL DEVELOPMENT COSTS	\$	<u>181,500</u>

This project will be financed with equity capital and a loan from the Agency's Direct Commercial Loan Program. The developer has a loan commitment from the Agency for \$112,000. In addition the project qualifies for a \$7,500 rebate from the Agency's Facade Rebate Program. The developer's equity contribution to this project equals \$62,000 of which \$38,000 is in the form of a cash contribution and \$24,000 is the appraisal value of land contributed to the project for parking.

In the process of qualifying for a loan from the Agency, the developer has submitted a project proforma, a schedule of real estate owned, and statements of assets and liabilities. It should also be noted that Mr. Overholtzer has successfully participated in the completion of the apartment building located directly west of the Fire Station and has participated in the construction of a number of office buildings throughout Sacramento.

Development and Disposition Agreement (DDA)

The subject DDA is standard except for the one special condition. The DDA directs that a lien equaling \$19,400 (the appraised value of the Fire Station parcel minus \$100 purchase price) will be placed against the property for five years. At the end of that time, if the developer has fulfilled all obligations of the DDA, the lien will be forgiven. This lien has been established to protect the Agency's subsidy of the land costs for the project for a reasonable length of time and to guard against any windfall profits accruing to the partnership.

FINANCIAL DATA

The developer has received a commitment from the Agency for a \$112,000 7.5% Direct Commercial Loan and a \$7,500 Facade Rebate. The loan term is for fifteen years. Evidence of the Agency loan commitment is attached as Exhibit E.

While the Holcomb-Overholtzer partnership is paying only \$100 for the property, we feel this subsidy is justified by the level of risk they are assuming and the amount of equity capital contributed. The anticipated tax increment which will result from putting this property back on the tax rolls is estimated to be \$2,500-3,500 per year.

ENVIRONMENTAL REVIEW

At this time environmental review is not required. The developer, however, will be required to obtain a CEQA review prior to initiation of construction.

POLICY IMPLICATIONS

The recommended resolution is consistent with previously approved developer assistance activities and no new policies are recommended.

PAC RECOMMENDATION

At their regular meeting of March 4, 1987, the Oak Park Project Area Committee (PAC) considered the subject resolution and recommended in favor of approval.

VOTE AND RECOMMENDATION OF COMMISSION

At its meeting of 1987, the Sacramento Housing and Redevelopment Commission adopted a motion recommending approval of the attached resolution. The votes were as follows:
