ADDENDUM NO. 1 TO PROPOSAL NO. 336 FOR LUBE OILS AND GREASES

The lube oils and greases listed on the bidding sheet of Proposal No. 336 constitute the majority of lube oils and greases currently required by the City. However, since other lube oils and greases may be required from time to time, bidders are requested to attach the most current price sheet listing all lube oils and greases available and state the maximum net cost for each item.

All other specifications, terms and conditions of this proposal remain unchanged.

Bidders must acknowledge receipt and understanding by signing and attaching one (1) copy of Addendum No. 1 to their proposal and submitting it to the City Clerk prior to the due date for receiving bids.
