

RESOLUTION No. 229

Adopted by The Sacramento City Council on date of
December 13, 1946

WHEREAS, a survey is now being made by a committee appointed by the State Department of Education and the University of California to study the educational needs and facilities necessary for establishing a four year State college within the City of Sacramento to be supported by state funds, and recently Dr. C. S. Marsh of Los Angeles was directed by the committee to make a preliminary study of the matter and he stated that it is possible to make a very convincing argument that this area, meaning Sacramento, needs additional facilities for college training, and that a member of the committee further stated that because of the present over-crowded condition at the state universities four year colleges would provide draining-off facilities to alleviate such overcrowded conditions in the universities, and also provide four year colleges in areas where educational facilities are greatly needed; and

WHEREAS, it is well known and clearly apparent to all who are familiar with the present needs for a four year college within this area that the City of Sacramento should be the location of such a four year college, with all the necessary facilities to provide four year educational needs and requirements to students within this area,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Sacramento does hereby earnestly endorse and seriously recommend the proposed establishment of a four year state college within the City of Sacramento to be supported by state funds, and that the City Board of Education of Sacramento and the School Administration be requested by the City Council of the City of Sacramento to offer their good offices and help wherever possible to assist the committee and Dr. Marsh in the furtherance of the plan to add the necessary facilities within this area toward the establishment of a full four year college in Sacramento, and further that all groups, organizations and individuals desiring to assist in the accomplishment of this end rally behind the Board of Education and School Administration, so that all of Sacramento presents a united front in the march for the establishment of a four year college in our city.

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to the Sacramento City Board of Education, the Sacramento Chamber of Commerce and to the Committee through Dr. C. S. Marsh.

MAYOR

CITY CLERK
