Contract Award (PN: ZB64)

## BACKGROUND INFORMATION

In June of this year, a construction project was completed which placed new water mains in the Freeport Park neighborhood. The Freeport Park area is located north of Fruitridge Road and west of Freeport Boulevard. The new water mains were placed in right-of-ways instead of backyard easements where the old existing mains were located. The Freeport/Fruitridge Water Service Connections Project proposes to connect the new water main services to the residents' plumbing at 294 properties within Freeport Park.

Bids were received from seven (7) contractors, as follows:

|                                      |            |
|--------------------------------------|------------|
| • Arrow Trenchless, Inc.             | \$ 274,472 |
| • Sierra National Construction, Inc. | \$ 323,460 |
| • Tideland Construction, Inc.        | \$ 332,880 |
| • Jaeger Construction, Inc.          | \$ 373,984 |
| • Navajo Pipelines, Inc.             | \$ 457,720 |
| • Ahlstrom Construction, Inc.        | \$ 524,980 |
| • Spinella Heer Construction, Inc.   | \$ 690,050 |

The engineer's estimated construction cost was \$319,000. The estimated completion date is November 1998.

## FINANCIAL CONSIDERATIONS

The total estimated cost of this project, including design, construction, inspection, and ancillary costs has been revised to \$337,000. The unobligated balance available for this project (413-500-ZB64-4820) is \$206,352 as of July 6, 1998. Staff recommends that \$130,700 be transferred from the Freeport/Fruitridge Steel Main Replacement - Phase 3 (413-500-ZB63-4820), which has unobligated funds of \$131,064 as of July 6, 1998.

## ENVIRONMENTAL CONSIDERATIONS

The Environmental Services Division has determined that this project is categorically exempt pursuant to State Class 1 and 2 and Section Number 15302(c) of the California Environmental Quality Act.

## POLICY CONSIDERATION

This action is consistent with Chapter 58, Article III, Section 58.304 of the City Code concerning award of contracts.

Contract Award (PN: ZB64)

**MBE/WBE**

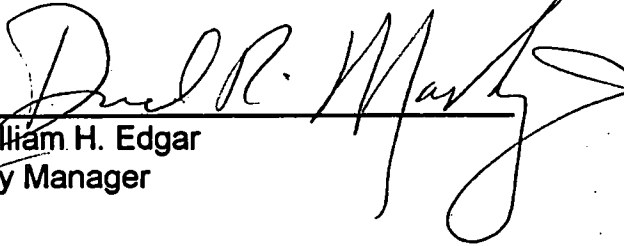

MBE/WBE participation goals were waived for this project. It was determined that it may be unreasonable for a contractor to use subcontractors because all work items are interrelated and straightforward.

Respectfully submitted,

Gary A. Reents  
Engineering Services Manager
