The City is required to provide a local match. The match and start-up costs are \$55,000. Establishment of CIP Noralto/Smythe Schools
February 13, 2002

COMMITTEE/COMMISSION ACTION: None.

BACKGROUND INFORMATION:

On May 15, 2001, the City Council approved submitting a Safe Routes to Schools grant application for this project. Caltrans has notified the City that the Noralto/Smythe Schools Improvement Project was selected to receive \$450,000. Staff is requesting that Capital Improvement Projects (CIP) be established.

This project will construct pedestrian improvements around Noralto and Smythe Elementary Schools. The major components of this project include:

- A traffic signal at West El Camino Avenue and Northview Drive
- An upgrade of the traffic signal at Norwood Avenue and Las Palmas
- Widen the sidewalk on Norwood adjacent to Noralto School
- Education, enforcement and encouragement

FINANCIAL CONSIDERATIONS:

Staff is requesting \$10,000 from the State and Federal Grant Match project (PN: TX01) to cover grant funded project start-up and a portion of the matching funds.

The current project budget \$4,324,680. As of February 13, 2002 the unobligated balance is \$4,324,622, which is sufficient to cover this request.

ENVIRONMENTAL CONSIDERATIONS:

The subject of this report does not involve a project, which requires compliance with the California Environmental Quality Act (CEQA), in as much as it does not involve an activity, which may cause a direct or indirect change in the environment (Public Resources Code Section 21065).

POLICY CONSIDERATIONS:

The attached resolution is consistent with City Council's goal of leveraging local funds to obtain state and federal funding to deliver key transportation improvements, and in investing local funds to ready projects for future state and federal grant cycles.
