Honorable Members in Session:

SUBJECT: Transit for Liveable Communities - Overview (M01-006)

LOCATION AND COUNCIL DISTRICT: Citywide

RECOMMENDATION:

This item is an informational report which does not require the City Council to take formal action. It is, however, an opportunity for the City Council to provide comments regarding the development opportunities, planning and community outreach efforts being undertaken by RT to develop recommendations for land use policies that will support future light rail station operations and provide assets to surrounding communities. The Regional Transit project consultant, Mike McKeever, will provide a detailed project overview and supporting materials at the time of the meeting.

FOR COUNCIL MEETING OF: December 18, 2001

SUMMARY:

The purpose of this presentation is to provide the City Council with a status report on the planning effort underway for the South Line Light Rail Extension (see Attachment A). This Planning effort, referred to as the Transit For Liveable Communities or TLC Project, is intended to identify recommendations for land use goals, policies and implementation measures to develop transit supportive land uses in proximity to future light rail stations.
