Murphy, Chairman of the committee in favor of the merger of North Sacramento and the City of Sacramento, relative to the City's intentions regarding installation of a Municipal Swimming Pool in the North Sacramento area in the event the merger is successful:

"On the basis of cursory studies of North Sacramento and the surrounding areas, it appears there is a need for a city owned swimming pool.

4100 Inspection of Will Acres Park has indicated that park could physically accommodate a city pool and youth center.

On the basis of present prices a facility would cost approximately \$110,000.00, and while one City Council cannot bind another, judged by past policy of Council in this area, it appears likely that a pool would be built within four or five years."

and thereupon moved that said reply be approved as statement of the Council and same be not intended as "bait or inducement to the people in North Sacramento".

4101 Councilman Mering verbally reported relative to a revised program for landscaping the 29th - 30th Street Freeway and read the following recommendations:

5. Fence to be located not less than twenty-five feet from curb line.
6. Lettered cross streets to be widened to 52 feet in width.
7. If necessary to remove trees then sidewalks installed next to curb and tree planting inside sidewalk area.
