Honorable Mayor and
Members of the City Council

Subject: Funding: Anti-Vehicle Theft Enforcement Program

Location/Council District: Citywide (All Districts)

Recommendation:

Adopt a resolution: 1) authorizing the City Manager, or his designated representative, to accept funds for the Anti-Vehicle Theft Enforcement Program, and 2) authorizing the expenditure of funds for the Anti-Vehicle Theft Enforcement Program.

Contact: John Parker, Captain, 433-0650

Department: Police

Division: Investigative Services Division

Organization No: 2145

Summary:

The Sacramento Police Department (SPD) is requesting renewed authorization to accept and expend the funds resulting from State Transportation Fees through the collection of vehicle registrations mandated by Section 9250.14(a)(1) of the California Vehicle Code to be used for the Anti-Vehicle Theft Enforcement Program. The Program has been funding two detective positions, supplies, vehicles and equipment to run the program since 1992.

Committee/Commission Action: None.

Background Information:

This program has been funded through Vehicle Code Section 9250.14(a)(1) and mandates that the funds be used exclusively for the Anti-Vehicle Theft Enforcement Program. One dollar is allocated from every vehicle registration in the county. The City receives 22.8215% of the total collected from vehicles registered in the county. The City has been a recipient of this funding since 1992, which funded 2 FTE vehicle theft investigators, bait vehicles, and investigative equipment.

Financial Considerations:

The funds will finance the labor costs of two vehicle theft detectives as well as overtime costs for other officers working the program. It will also provide operating expenses including but not limited to bait vehicles, computer equipment, software, and training.

Environmental Considerations:

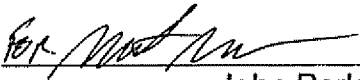

This report concerns administrative activities that will not have any significant effect on the environment, and that do not constitute a "project" as defined by the California Environmental Quality Act (CEQA) [CEQA Guidelines Sections 15061(b)(3); 15378(b)(2)].

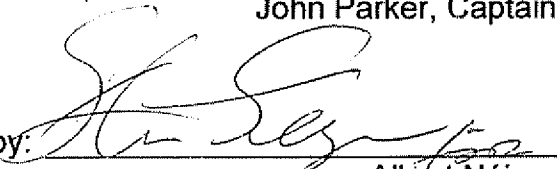

Policy Considerations:

Acceptance and expenditure of the funds for this program is consistent with the City's mission to protect, preserve, and enhance the quality of life for present and future generations. It is also consistent with past practices of using the funding to improve law enforcement and community relationships.

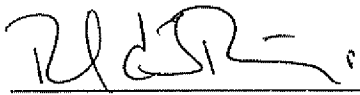

Emerging Small Business Development (ESBD):

Purchase of supplies and equipment for this grant will be made in accordance with the City's Emerging and Small Business Development program requirements.
