**Honorable Mayor and  
Members of the City Council**

**Title:** 1993 Lease Revenue Refunding Bonds – Amend Facilities Lease

**Location/Council District:** Citywide

**Recommendation:** Adopt a 1) **City Resolution** authorizing the execution and delivery of amendments to Facilities Leases with the Sacramento City Financing Authority relating to the Series 1993 A and Series 1993 B bonds and approving certain other actions in connection therewith, and 2) **Sacramento City Financing Authority Resolution** authorizing the execution and delivery of amendments to Facilities Leases with the City of Sacramento relating to the Series 1993 A and Series 1993 B bonds and approving certain other actions in connection therewith.

**Contact:** Russell T. Fehr, City Treasurer, (916) 808-5832, Janelle Gray, Treasury Manager, (916) 808-8296.

**Presenters:** Not Applicable

**Departments:** City Treasurer

**Division:** Public Finance

**Organization No:** 05001011

### **Description/Analysis**

**Issue:** In 1993 the City issued bonds (1993 Series A) to refinance debt issued for the Convention Center and portions of other City facilities. The City did not obtain a credit rating for these bonds, but did purchase bond insurance so the bonds were sold at interest rates consistent with and AAA rating. In June 2009, the bond insurer, AMBAC Indemnity Corporation (AMBAC) was downgraded by Moody's Investor Service (Moody's) and Standard and Poors (S & P) to Ba3 and BBB, respectively. Without an underlying rating, this downgrade resulted in the Series 1993 A bonds no longer meeting the investment grade rating required of certain investment portfolios, yet unable to be divested for the same reason.

Additionally, the rating on the Series 1993 B bonds are in jeopardy of being withdrawn as certain provisions of the Facilities Lease do not meet current market standards.

The Facilities Lease for each Series require that the City carry use and occupancy insurance sufficient to pay debt service for at least 12 months, while current market standards require 24 months of use and occupancy insurance. Staff is recommending that the Facilities Leases be amended to increase the use and occupancy coverage requirement from 12 months to 24 months.

**Policy Considerations:** This action is deemed to be in the best interest of the City in that it will increase the use and occupancy insurance coverage to a level consistent with other lease revenue bond financings, ensure no withdrawal of bond ratings by the rating agencies, and maintain and foster good standings in the investment market.

The associated amendments will be executed upon approval by City Council and the Sacramento City Financing Authority.

**Environmental Considerations:** Not Applicable

**California Environmental Quality Act (CEQA):** This action is not subject to the CEQA because it is not a “project” as defined in section 15378 of the CEQA Guidelines.

**Sustainability Considerations:** None

**Commission/Committee Action:** None

**Rationale for Recommendation:** Increasing the use and occupancy insurance on the 1993 Lease Revenue Refunding Bonds Series A and Series B from a period of 12 months to a period of 24 months will result in coverage being consistent with other lease revenue bond financings of the City and Authority. Additionally, it will ensure that the rating agencies do not withdraw their rating on this series of bonds.

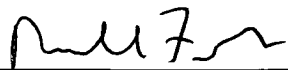

**Financial Considerations:** Per the City’s Risk Manager, an increase in use and occupancy insurance coverage for the Series 1993 A and Series 1993 B bonds will result in a slight increase in annual insurance premiums of approximately \$8,000. This additional cost will be absorbed by the Risk Fund.

**Emerging Small Business Development (ESBD): Not Applicable**
