Honorable Members in Session:

SUBJECT: Repealing One-Way Street Resolution No. 81-284, and approving updated One-Way Street Resolution

SUMMARY

The Traffic Engineering Division periodically makes recommendations to change certain streets and/or alleys to one-way operation. The alley between E and F Streets, from 11th to 12th Streets, and 11th Street from the alley between E and F Streets to E Street, are recommended for conversion to such an operation at this time.

BACKGROUND INFORMATION

The construction of J. Neely Johnson Park has resulted in the narrowing of 11th Street south of E Street and the closing of 11th Street from the alley between E and F Streets to F Street. It is our opinion that making the aforementioned alley one-way westbound, and making 11th Street, within the limits described above, one-way northbound will eliminate potential conflicts caused by two-way operation through narrow access points.

FINANCIAL DATA

No Impact.

RECOMMENDATION

It is recommended that the attached resolution be approved.
