

PETITION IN OPPOSITION TO PROPOSED 11 UNITS
 AT 3621 ASTORIA STREET
 (ASTORIA ESTATES)

1. We note that published police crime statistics conclude that communities with greater occurrences of crime and increased issues of personal safety occur in communities with the greatest densities.
2. We note that the proposed development of 11 units at 3621 Astoria Estates increases the density in our East Del Paso Heights community.
3. For this reason, among all others brought forth during discussions on this particular development, each of the undersigned is opposed to the development of 3621 Astoria Street with 11 units and supports development of no greater than 6 units at this location.
