

RESOLUTION NO. 2010-031

Adopted by the Sacramento City Council

January 19, 2010

RESOLUTION IN SUPPORT OF THE LOCAL TAXPAYER, PUBLIC SAFETY, AND TRANSPORTATION PROTECTION ACT OF 2010

BACKGROUND

- A. California voters have repeatedly and overwhelmingly passed separate ballot measures to stop State raids of local government funds, and to dedicate the taxes on gasoline to fund transportation improvement projects; and
- B. These local government funds are critical to provide the police and fire, emergency response, parks, libraries, and other vital local services that residents rely upon every day, and gas tax funds are vital to maintain and improve local streets and roads, to make road safety improvements, relieve traffic congestion, and provide mass transit; and
- C. Despite the fact that voters have repeatedly passed measures to prevent the State from taking these revenues dedicated to funding local government services and transportation improvement projects, the State Legislature has taken and borrowed billions of dollars in local government and transportation funds in the past few years; and
- D. This year's borrowing and raids of local government, redevelopment and transit funds, as well as previous, ongoing raids of local government and transportation funds, have led to severe consequences, such as layoffs of police, fire and paramedic first responders, fire station closures, stalled economic development, healthcare cutbacks, delays in road safety improvements, public transit fare increases and cutbacks in public transit services; and
- E. A coalition of local government, transportation and transit advocates recently filed a constitutional amendment with the California Attorney General, called the Local Taxpayer, Public Safety, and Transportation Protection Act of 2010, for potential placement on California's November 2010 statewide ballot; and
- F. Approval of this ballot initiative would close loopholes and change the Constitution to further prevent State politicians in Sacramento from taking, diverting, shifting, borrowing, transferring, suspending or otherwise interfering with tax revenues dedicated to funding local government services, including redevelopment, or dedicated to transportation improvement projects and mass transit.
