Council Report
Approval of Plans, Specifications and Award for Miscellaneous Road
Reconstruction and Resurfacing (PN:RD69)
February 23, 1999

BACKGROUND INFORMATION:

- This project was authorized in the annual Capital Improvement Budget.
- This project was advertised and bids were received on February 3, 1999.
- The bid amounts shown on the attached tabulation sheet represent the totals for those items selected for bid evaluation purposes only. Authorization is requested to enter into a contract in a total amount not to exceed \$300,000, which reflects the actual amount budgeted for the services provided under this contract.
- The low bidder, Florez Paving, has the lowest unit prices of all the bidders. Expending \$300,000 with Florez Paving will provide the City with the most repair work.
- Approval of the plans and specifications and award to Florez Paving in an amount not to exceed \$300,000 is recommended.

FINANCIAL CONSIDERATIONS:

- The project budget is \$300,000.
- The unobligated fund balance (207-RD69-500-4820), as of February 18, 1999, is \$1,904,256.27, which is sufficient for award.

ENVIRONMENTAL CONSIDERATIONS:

The Environmental Services Division has determined that this project is exempt per Section 15301(c) and 15303(c) of the California Environmental Quality Act.

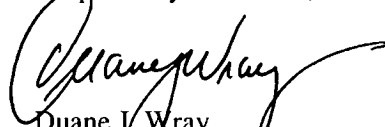

POLICY CONSIDERATIONS:

The action requested herein is consistent with Sacramento City Code, Title 58.

MBE/WBE EFFORTS:

This project does not have any subcontracting opportunities. In accordance with established MBE/WBE Program requirements, the goals were waived by the City Manager's Office with OMWSB concurrence. Florez Paving is a City of Sacramento certified minority enterprise.

Respectfully submitted,

Duane J. Wray
Technical Services Manager
