

## RESOLUTION NO. 2019-0142

Adopted by the Sacramento City Council

May 14, 2019

### **Approving Engineer's Annual Report and Intention to Order Maintenance of Improvements for the Power Inn Road Maintenance District Fiscal Year 2019/20 (Pursuant to Landscaping and Lighting Act of 1972)**

#### **BACKGROUND**

- A. The Power Inn Road Maintenance District (District), as depicted in Exhibit A, was established by the City Council and approved by the property owners on July 29, 2003.
- B. The City Council established the District under the Landscaping and Lighting Act of 1972 (part 2 of Division 15 in the Streets and Highways Code, beginning with Section 22500) (the 1972 Act), and has previously levied assessments on property in the District to pay for landscaping maintenance services and related services to be provided within the District, all in accordance with the 1972 Act.
- C. On March 26, 2019, City Council directed the Supervising Engineer of the Department of Public Works, designated by Council as the Engineer of Work for the District to file an annual report in accordance with the provisions of the 1972 Act (Resolution No. 2019-0087).
- D. The annual report includes an analysis that quantifies the amount of special benefit derived from District activities by the parcels paying the assessment. The result of the analysis is that 74.25% of the maintenance, utilities, and administrative services provided in the district are a special benefit to the parcels within the District and 25.75% of the services are a general benefit to people outside of the District. Pursuant to state law, the City can only collect assessments in the amount needed to provide special benefit and must utilize other sources of funding to provide the general benefit portion. A detailed budget is shown on Exhibit B.
