SUMMARY

COUNTY GOVERNING BOARD

Attached is a resolution by which the City Council approves the submission of an application to the Department of Housing and Urban Development for a preliminary loan which will assist in the construction of approximately sixteen (16) new family units to be located on scattered sites in the Alkali Flat area.

EXECUTIVE DIRECTOR

WILLIAM G. SELINE

A similar resolution was approved by the Housing Authority on March 11, 1980, however, this second action is required since state law mandates that HUD have a resolution of the governing body of the locality approving the application of the Housing Authority for such preliminary loan in recognition that there should be a local determination of the need for low-income housing which is not being met by private enterprise.

On February 20, 1980, the Alkali Flat Project Area Committee (PAC) endorsed the concept of providing low-income housing on an "E" Street site. However, due to a possible zoning change and insufficient funds to acquire the site, it was recommended that the units be placed on scattered vacant lots which would have to be acquired.

The units will be two story, either garden apartments or town-houses with a maximum of three bedrooms. The Executive Director of the PAC has indicated PAC support of scattered site development.

FINANCIAL DATA

When this project is approved by HUD, it is recommended that a portion of the \$200,000 set aside for land acquisition in the 1979-80 CD year for Alkali Flat be used to purchase the necessary scattered sites.

All funds necessary to construct and operate this family project will be furnished under the federal annual contributions contract (ACC).

RECOMMENDATION

It is my recommendation that you adopt the attached resolution.

Respectfully submitted,

William G. Seline
