The business owners within the boundaries of the District petitioned the City of Sacramento to establish the District in order to provide services and improvements intended to increase restaurant and retail sales within the District.

All services are as defined within the Annual Report and by reference made a part of this resolution. The Annual Report is separately bound and on file with the Public Improvement Finance Division of the Department of Finance, which the City Clerk has designated as the custodian of such records.

Business Assessment

Annual assessment rates are as follows: food and beverage businesses shall be assessed 1.5% of gross sales, excluding alcohol sales and certain items as described in Section V of the Management District Plan (MDP), on file with the Public Improvement Finance Division, designated by the City Clerk as the custodian of such records. Retail businesses with under \$100,000 in gross annual revenue will be assessed a flat assessment of \$25 per month. Retail businesses with \$100,000 or more in gross annual revenue will be assessed a flat assessment of \$50 per month. Business classification as “food and beverage” or “retail” shall be based on the primary business activity of each business. The business classification and the gross sales will be determined from the Business Operations Tax filings with the City of Sacramento. Certain sales shall not be included for purposes of the assessment as described in Section V of the MDP.

New businesses opening during the term of the district shall not be exempt from assessment. Assessment rates for new businesses shall be determined by utilizing the most current quarterly gross sales information to extrapolate the annual assessment amount.
