SUBJECT: INCREASE IN CONTRACT AMOUNT FOR DOZER RENTAL

SUMMARY

The Department of Public Works, Division of Flood Control and Sewers, is requesting an increase of \$5,000.00 for the continuation of rental for a Case Model 45C low ground pressure dozer.

BACKGROUND INFORMATION

On August 12, 1988, and upon solicitation of quotations from four sources, Purchase Order No. 9316530599 was issued to West Sacramento Rentals, Inc. for the rental of a Case 45C low ground pressure dozer. This order was for two months' rental at \$3,500.00 per month or a total of \$7,000.00.

It was originally intended to use this rental dozer only two months for soil stabilization projects in the City's drainage canals, for at the end of this period the rainy season normally begins and the canals would become too wet and muddy in which to work.

This year, however, appears to have been the exception as to weather conditions. By taking advantage of this cooperative dry weather and by renting the dozer an additional month or so, the Division can continue to work on parts of this project that normally would have to be postponed until the Spring of next year.

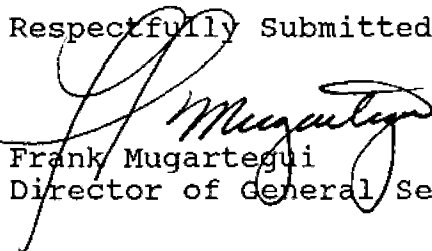

FINANCIAL DATA

Funding for this additional \$5,000.00 expenditure will come from the Division's budget line 425-310-3165-4233 for equipment rentals with an available balance of \$10,688.30.

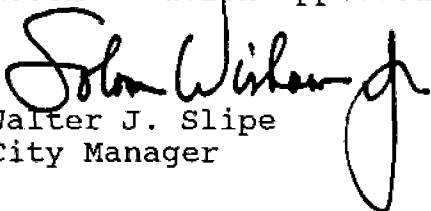

RECOMMENDATION

It is recommended that, pursuant to Section 57.401(c) of the Sacramento City Code, the Council adopt the attached resolution authorizing the City Manager to increase by \$5,000.00 the existing contract with West Sacramento Rentals, Inc. for the continued rental of a Case 45C dozer, not to exceed \$12,000.00 in total.
