Honorable Members in Session:

**SUBJECT: Contract for Use of California Highway Patrol Facilities**

SUMMARY

The attached resolution will allow the City Manager to sign a contract for use of the California Highway Patrol facility to train Police Cadets and Community Service Officers.

BACKGROUND INFORMATION

Since 1971 the Police Department has been using the Highway Patrol Academy facilities to train new Police Officers and Community Service Officers.

The contract, which is for meals and lodging, is exactly the same as those approved in the past except for a small increase in per diem rates.

FINANCIAL DATA

The cost for meals and lodging for a recruit for eleven weeks is \$1,930.50. The Commission on Peace Officers Standards and Training will pay for ten weeks of lodging and meals or \$1,751.00. The amount not reimbursed equals \$179.50 per City recruit.

We currently have thirteen positions to fill in the Police Department which means that the total non-reimbursable cost to the City is \$2,333.50. If we have more positions open before the academy starts, this figure would increase by \$179.50 per position.

Outside agencies who train in our academy are billed for and pay for the full eleven weeks of meals and lodging, or \$1,930.50 for each trainee.

There are currently forty recruits scheduled for the September academy. The maximum spaces available from the California Highway Patrol are for forty recruits.

If the scheduled forty recruits complete the academy, the bill from the California Highway Patrol would be \$77,220.00. There is sufficient money allocated in the budget to cover this amount, and no budget augmentation will be needed.

RECOMMENDATION

Resolution be passed to allow for signing of contract.

Respectfully submitted,
