BILL BRYAN
SUPERVISOR, 4TH DISTRICT
CHAIRMAN

December 1, 1983

To: Members, Sacramento Metropolitan Cable Television Commission
From: Bill Bryan, Chairman
Sacramento Metropolitan Cable Television Commission
Subject: CANCELLATION OF DECEMBER 8, 1983 COMMISSION MEETING

This is a reminder that on November 22, 1983, the Commission moved to cancel its December 8, 1983 meeting and reschedule it for Thursday, December 22nd at 2:30 p.m. This is the end of the 30-day time period in which it is anticipated that Cablevision will file all necessary bonds, insurance policies, trust funds and other documentation to effect execution of the Sacramento franchise. The December 22nd meeting will only be necessary if Cablevision does not file all of the required items. Notice of cancellation of this meeting will be sent out as soon we receive all of the completed documentation.

In an other vein, Cablevision has been very active in initiating the planning, design and coordination phases which are necessary to implement the early construction of the cable system. From time to time there may be inquiries from some of you on particular topics requiring special reports from the cable firm's staff. Although Cablevision is willing to compile such reports, I believe it would provide a more effective structure and better coordination if such requests were either funneled through me or through the staff with reportbacks to the Commission as a whole. In this way we might all share the benefit of any such information.

Our first meeting for 1984 is scheduled for Thursday, January 5th at 2:30 p.m. The Commission agenda includes a budget update and a staff report on Cablevision's initial activities. In the meantime, I will keep you advised of any developments that should arise.

Bill Bryan
