

## **RESOLUTION 2023-0223**

Adopted by the Sacramento City Council

June 27, 2023

### **Establishment of Externally Fund Programs Related to Opioid Settlement Funding for the Fire Department (I12000300) and Department of Community Response (I23005000)**

#### **BACKGROUND**

- A. California joined a multiple national lawsuit against manufacturers, distributors and other entities responsible for aiding the opioid epidemic.
- B. On July 21, 2021, a \$26 billion offer to settle was made by opioid manufacture Janssen Pharmaceuticals (parent company of Johnson & Johnson) and the “big three” distributors, McKesson, AmerisourceBergen and Cardinal Health (“the Distributors”) to resolve their liabilities in over 3,000 opioid crisis-related lawsuits nationwide. It is estimated that California will receive approximately \$2.05 billion from the Janssen and Distributors Settlement Agreement through 2038. The City of Sacramento joined in as a “Participating Subdivision” among many other Cities and Counties throughout the state.
- C. The Department of Health Care Services (DHCS) is providing oversight and administration of the Opioid Settlement funds for the State of California. DHCS oversight includes, but is not limited to, conducting related stakeholder engagement, monitoring the Participating Subdivisions for Compliance and preparing annual reports.
- D. The Fire Department is partnering with the Department of Community Response (DCR) to provide resources to our community by providing opioid remediation, reduction or lessening the effects of the opioid epidemic in our community which could include prevention, intervention, harm reduction, and resources to recovery services.
