TO: City Planning Commissioners
FROM: Sharon Caudle
SUBJECT: Commission agenda for May 31, 1984

The attached agenda contains 26 condominium conversion applications. These applications have been submitted by the same applicant and all the projects are located in the Central City. The applicant prepared one master report for all 26 projects and a separate report for each site.

Since the projects are similar in nature and the proposed tenant program is the same, we have prepared the staff reports with identical comments for the majority of the report. To save you time, you need only read through one report. For specific comments and information on each project, you may refer to the first page and paragraph 7 and 8 under the staff evaluation. You should also review Exhibit A and B for specific information on the project.
