**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE CITY OF SACRAMENTO
AND THEATRE FOR CHILDREN, INC.
REGARDING A \$1 MILLION PROJECT DEVELOPMENT GRANT**

This memorandum of understanding (“MOU”) is entered into as of _____, 2007, by and between the **CITY OF SACRAMENTO**, a municipal corporation (“City”), and the **THEATRE FOR CHILDREN, INC.** (“TFC”), a nonprofit corporation. The City and the TFC shall be referred to herein collectively as the “Parties” and individually as “Party.”

RECITALS

This MOU is entered into by and between the Parties in consideration of the following:

On May 23, 2006, the Sacramento City Council authorized the 2006 Community Reinvestment Capital Improvement Program (“CRCIP”). The CRCIP provides for the issuance of Capital Improvement Revenue Bonds (“Bonds”) to fund various CRCIP community projects, including the Children’s Theatre of California Complex (“Theatre”).

The Theatre will serve as a community cultural resource, a generator of economic activity, and an educational institution for the region’s children and families. The new, two-theatre complex will provide dedicated space for the Children’s Theatre of California (B Street Theatre’s family and school performance series), which will be the premier theatre for children and their families in California. The Theatre will also serve as a major economic, cultural, and artistic resource for the City of Sacramento.

The Parties anticipate that the development and construction of the Theatre will occur over a period of years and require considerable public and private resources. Therefore, the long-term and unified commitment to the Theatre by the Parties as stakeholders is crucial.

In order to ensure fiscal responsibility and accountability in the management of the CRCIP and the Project (as defined below), the City Council has adopted six policy directives regarding the use of Bond proceeds. These directives state:

1. Preliminary Work: Projects that have not begun preliminary work which may include acquisition, community outreach, environmental, design, etc. within twelve (12) months of July 1, 2006, will be reassessed for continued funding or substitution of other projects.

2. External Funding Sources: City bond funds will not be advanced until such time that fifty percent (50%) of the needed external funding is achieved.
3. Grant Funds: Agreements or MOUs with grantee organizations should be put in place to ensure project objectives will be met before funding is awarded.
4. General Fund Loans: Loan or Development Agreements with grantee organizations must be put in place prior to award of funding.
5. Contingency: Contingency is earmarked for Tier 1 construction projects and should not be reprogrammed to Tier II or other projects until assurance can be made that all Tier I projects have sufficient funding to be completed; and the contingency can be reduced at the time of bond sale of an amount not less than twelve percent (12%) of the Tier I projects that have a contingency, if such reduction is necessary to maintain project funds for all Tier I projects originally approved by City Council. City Council must approve all use of contingency.
6. Bond Proceeds Management: The City Treasurer's Office will report back to City Council semi-annually on the availability and programming of investment earnings and the status of projects as they relate to compliance with tax-exempt regulations and Policy Directives, and City Council authorize the use of investment earnings from the 2006 CIRB (excluding the SHRA component) unspent lease revenue bond funds to restore all Tier I projects should interest rates increase prior to the bond issue and a reduction in contingency funds previously described not be sufficient to offset the loss of project funds due to potential interest rate increases.

The Parties enter into this MOU for the purpose of completing the Project in accordance with the directives, objectives and goals of the City as stated herein. Accordingly, and in consideration of the mutual covenants and promises contained herein, **THE PARTIES AGREE AS FOLLOWS:**

1. **Project Description.** The project is limited to the design and planning phases of the Theatre, including program confirmation and revision, schematic design, design development, environmental analysis, cultural resources analysis, and engineering (the "Project").
2. **Project Budget.** The cost of the Project, as defined above, is currently estimated at \$2 million, which includes all phases of site planning, programming, design, engineering, environmental analysis and other predevelopment activities. As of the date of this MOU, TFC has secured pledges of \$1 million for this use from the following sources: \$750,000 of in-kind planning and design work from

SKK Developments, John F. Otto, Inc. and Ankrom Moisen Architects and \$250,000 from TFC's Board of Directors. In addition, Sutter Medical Center, Sacramento has pledged a site for the project at 2710 Capitol Avenue, \$500,000 in cash support and site preparation and development work, which is currently underway.

3. **City Funding.** TFC represents that Project Costs, as defined below, are estimated at \$2 million. City agrees to provide up to \$1 million in CRCIP Bond funds ("City Funds") to TFC to be used to offset Project Costs only. These funds will be disbursed as follows:

The City will pay \$750,000.00 to TFC upon the City's Project Manager's ("Project Manager") approval of the scope of services to be provided under TFC's agreement with SKK Developments, John F. Otto, Inc. and Ankrom Moisen Architects for Project design and planning services. TFC shall be responsible for the payment of all costs and services rendered under this agreement and all other Project related agreements.

The remaining funding in the amount of \$250,000.00 will be disbursed as follows: a) \$125,000.00 shall be paid upon proof of TFC's receipt of \$125,000.00 in donations for the Project; b) \$125,000.00 shall be paid upon proof of an additional \$125,000.00 in donations for the Project. Proof of the receipt of \$250,000.00 in donations for the Project shall be provided to the City no later than July 31, 2008.

In the event City Funds exceed 50% of the actual Project Costs at Project Completion, TFC shall promptly reimburse to the City an amount equal to one-half of the difference between the actual Project Costs and \$2 million. If TFC's agreement with SKK Developments, John F. Otto, Inc. and Ankrom Moisen Architects for Project design and planning services is terminated before the completion of services under the agreement, TFC shall promptly notify the City of the termination and reimburse to the City the difference between \$750,000.00 and 50% of the actual costs incurred under the agreement within 30 days of the termination of the agreement.

- A. **Project Costs.** "Project Costs" shall mean and include costs related to all contracts for the Project, and costs associated with all other contracts for professional and other services necessary, in the City's judgment, to implement and complete the various planning and design phases, together with all planning and design costs. Project Costs also shall include, but not be limited to, the engineering estimates and the Project elements included therein, and whichever of the following costs or fees, if any, may be applicable: environmental documentation (whether prepared by outside consultants or City staff), City and TFC project administration, plan check and inspection fees.

4. **Project Completion.** TFC shall complete the Project by July 31, 2008.
5. **Project Schedule.** TFC shall submit a Project schedule to the Project Manager ("Project Manager") no later than September 30, 2007 for review and approval. The schedule shall include all phases of the Project. TFC shall notify the Project Manager in writing if it cannot meet the Project schedule.
6. **Project Execution.** Contracts shall include: (i) with the exception of the competitive bidding process, provisions mandating compliance with all requirements applicable to work on a "public project" under the Sacramento City Code, as well as all other applicable laws and regulations, including without limitation the payment of prevailing wages and compliance with all applicable provisions of the Americans With Disabilities Act; and (ii) bonding, insurance and indemnity provisions as may be required by the City. All work shall be performed in a good and worker like manner and shall substantially comply with any plans and specifications approved by the City. TFC shall obtain building permits for the Project.
7. **TFC Reporting Requirements.** TFC shall submit the following reports to the Project Manager in both written and electronic forms:
 - A. Project budget prior to funding of the Project by the City and no later than October 15, 2007. Thereafter, a monthly Project budget report by the 15th of each month for the preceding month.
 - B. Project income and expense statements in conformance with generally accepted accounting principles by the 15th of each month for the preceding month.
 - C. Semi-annual Project status reports, including a brief narrative of activities, due on the first day of January and July of each year.
 - D. Final Project status report, including documentary evidence of completed Project and proof of payments to be submitted within 30 days of Project completion.
8. **Maintenance and Inspection of Records.** Bond funds shall be used for the Project only and for which there shall be a separate accounting of City funds by TFC. During performance of this MOU, and for a period of three (3) years after completing the Project, TFC shall maintain all accounting and financial records related to the Project and this MOU and shall keep and make such records available for inspection and audit by representatives of the City upon reasonable written notice.
9. **Licenses, Permits, Etc.** TFC represents and warrants that TFC has all licenses, permits, City Business Operations Tax Certificate, qualifications, and approvals

of whatsoever nature that are legally required for TFC to perform the terms of this MOU. TFC represents and warrants that TFC shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this MOU any licenses, permits, and approvals that are legally required for TFC to provide such performance.
