SUBJECT: Continued Extension of Partial Salary and Health and Welfare Coverage for Military Leave

LOCATION/COUNCIL DISTRICT:

City-wide

RECOMMENDATION:

It is recommended that the City Council approve the attached resolution to extend the authorization of the Continuation of Partial Salary and Health and Welfare Coverage Program for career employees who are called to military service for Operation Enduring Freedom and Operation Iraqi Freedom in response to the national emergency that resulted from the attack upon the United States on September 11, 2001 and the war in Iraq. This resolution would extend these benefits through June 30, 2004, and expand them at the discretion of the City Manager to include employees with less than one year of City service.

CONTACT PERSON:

Dee Contreras, Director of Labor Relations (264-5424)

FOR COUNCIL MEETING OF:

May 8, 2003 (Afternoon)

SUMMARY:

In 1991 the City established a partial continuation of salary and health and welfare benefits for employees who were called to active duty during the Gulf War. The City Council again provided similar benefits to those employees being called up for military service with the United Nations military troops in Bosnia and in October 2001 through June 30, 2003 for Operation Enduring Freedom. This resolution will extend the partial continuation of salary and health and welfare benefits for employees who are called to active duty for Operation Iraqi Freedom as well, through June 30, 2004. Individual departments are responsible for determining what, if any, backfill is needed for these employees. In the event funds are required to cover the backfill, the departments will bring those forward as budget issues.

COMMITTEE/COMMISSION ACTION:

None

BACKGROUND INFORMATION:

In recognition of those career City employees called into active duty during the current national emergency, it is recommended that the City Council extend the continuation of partial salary and health and welfare benefits through June 30, 2004.

The following Continuation of Partial Salary and Health and Welfare Coverage Program which was effective October 1, 2001 is recommended for continuation:

1. To be eligible to participate in the program, an employee must be entitled to military leave under Civil Service Board Rule (CSBR) 17, have been called into active duty for Operation Enduring Freedom and Operation Iraqi Freedom, and make written request for the benefit. It shall be assumed that a military reservist or member of the State National Guard called to active duty during this period is directly related to the current national emergency.
2. In addition to the benefits set forth in CSBR 17, pursuant to paragraph #1 above, employees shall be eligible to receive from the City while on active duty between April 19, 2003 and June 30, 2004, a partial salary continuation for a maximum period of one year, commencing immediately after the period of any salary entitlement pursuant to CSBR 17.
3. The amount of such salary continuation shall be the difference between the actual amount of his/her military pay, including any and all allowances, and the amount of City salary the employee would have received at his/her basic classification rate of pay, including incentive pay and in-grade step increases the employee would have otherwise been eligible to receive had he/she continued working, but not including, and not limited to, such special pay differentials as out-of-classification, night-shift differential, standby, call-back, overtime, or productivity pay.

4. In addition to the benefits set forth above and in CSBR 17, and pursuant to #1 above, at the request of the employee the City will continue to make monthly health and welfare contributions in the amount provided in this section. The City contributions may only be applied toward the premiums of those medical, dental and life insurance plans in which the employee and qualified dependents were enrolled through payroll deduction prior to the leave. Eligible employees may receive such City contribution toward insurance premiums for the period of unpaid military leave for Operation Enduring Freedom or Operation Iraqi Freedom. Further, this section specifically does not provide any contribution toward the employee's retirement contribution or any cash-back amount previously received by such employee.
5. For those employees who elect to have the City continue the monthly health and welfare contribution, the City will also continue basic life insurance coverage consistent with #4 above.
6. An employee who is not entitled to military leave based on non-career status or insufficient time in employment may request partial salary and benefit continuation. The City Manager may grant such benefit, if it is determined to be in the best interest of the City.
7. An employee must submit a copy of the military documents ordering him/her to active service and copies of his/her military pay stubs for each eligible pay period in order to receive the continuation of partial salary and/or health and welfare benefits.
8. An employee voluntarily enlisting during the eligibility period, or called to active duty after the cessation of the current national emergency is not eligible for this benefit.
9. Any individual receiving continuation of partial salary and/or health and welfare contributions who does not return to City service within sixty (60) days of release from active military service, shall have the salary and health and welfare continuation amount deemed a loan, repayable to the City within one year of such release. At the discretion of the City Manager, repayment of all or any part of the amount may be waived.

FINANCIAL CONSIDERATIONS:

At this time, 40 career employees are members of the military reserve or State National Guard and 17 have been called up to active duty. The ongoing employee cost is included in the current budget and only those positions that are backfilled will create additional costs. The actual cost of the first seven months of operation has been \$28,000 and the projected annual cost if the call-up rate remains the same is approximately \$40,000.

ENVIRONMENTAL CONSIDERATIONS:

Not applicable.

POLICY CONSIDERATIONS:

Approval of this report will affirm City support for those employees called to active military service and recognize the burden being placed on those individuals and their families and is consistent with the City Strategic Plan goal of valuing our employees.

ESBD CONSIDERATIONS:

Not applicable.

Respectfully submitted,

Dee Contreras
Director of Labor Relations
