Description/Analysis

Issue: In October 2009, City Council adopted a Resolution (Resolution 2009-637) to accept State of California OTS funds in the amount of \$100,648 and adjust the appropriate revenue and expenditure budgets. Staff recommends that City Council approve the creation of a grant project for the OTS grant in order to properly account for the grant funding.

Policy Considerations: Per Resolution 2009-406, Section 11.1 (1), staff must obtain City Council approval for the creation of a new grant project when the total appropriation exceeds \$100,000.

Environmental Considerations:

California Environmental Quality Act (CEQA): This recommendation does not constitute a "project" and is therefore exempt from the according to CEQA guidelines Section 15061 (b)(1) and 15378(b)(3).

Sustainability: Not applicable.

Other: Not applicable.

Commission/Committee Action: Not applicable.

Rationale for Recommendation: City Council previously authorized the acceptance of the OTS funding and the establishment of appropriate budgets. Creation of a new grant project requires City Council approval per Resolution 2009-406.

Financial Considerations: Resolution (2009-637) gave staff the necessary authority to establish revenue and expense budgets. No further appropriation adjustments are necessary.

Emerging Small Business Development (ESBD): Purchase of supplies and equipment will be made in accordance with the City's Emerging and Small Business Development (E/SBD) program requirements whenever possible.

Respectfully Submitted by:
