

## **RESOLUTION NO. 2006-901**

Adopted by the Sacramento City Council

December 12, 2006

### **AGREEMENT WITH PACIFIC GROUP CONSULTING FOR QUALITY ASSURANCE SERVICES FOR THE ECAPS PROJECT (AB81) IN AN AMOUNT NOT TO EXCEED \$353,208**

#### **BACKGROUND**

- A. The City of Sacramento has initiated an Enterprise Resource Planning (ERP) Project, now officially known as eCAPS, which will result in the acquisition and implementation of a software system to replace the legacy city-wide systems for Financial and Human Resources/Payroll administration. Current estimated project costs are \$22-25 million.
- B. On October 24, 2006, City Council adopted Resolution (2006-785) that authorized the purchase of a software license from Oracle, Inc., and the installation and implementation of the ERP system by CherryRoad Technologies.
- C. On August 1, 2006, Staff released a Request for Proposal (RFP) inviting proposals from qualified firms to provide quality assurance (QA) consulting services for the City's eCAPS Project. City received eight proposals which were reviewed by an evaluation team consisting of the City's Auditor, and three of the four project sponsors (IT, HR, and Finance). The team verified vendor references and conducted interviews for the top three finalists. Pacific Group Consulting presented the most comprehensive and thorough approach to the QA process.

#### **BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1. The City Manager is authorized to execute a Consultant and Professional Services Agreement with Pacific Group Consulting for quality assurance services for the eCAPS Project (AB81), for an amount not to exceed \$353,208.
