**STAFF REPORTS:**

13. PARKS AND RECREATION COMMISSION MEETING SCHEDULE FOR 2006

Commissioners and staff discussed meeting options for 2006. Commissioners would prefer to meet in City Hall or another centralized location in the winter months, and meet in the community at various park and recreation facilities in summer months when extended daylight hours would make it easier to find the facility and allow for an outdoor site visit. Staff will follow up and propose a new schedule.

14. PROPOSED CELLULAR TOWER FOR REICHMUTH PARK, NORTH LAGUNA PARK, NINOS PARKWAY AND DEL PASO REGIONAL PARK

Representatives from Cingular Wireless made a presentation on proposed towers and antennas for the above parks. Donald Sronce, Sacramento Metropolitan Arts Commissioner, stated concerns regarding the lack of cell tower maintenance by cellphone companies and circulated a photo of a cell tower in the form of tree that had become an eyesore. Cingular Wireless representatives responded by reviewing improvements in design and durability of cell towers made to look like trees, and the process residents can utilize to address concerns about lack of maintenance.

Commissioners stated the City's public notification standard is inadequate when a new cellular tower or antenna is proposed to be located in a City park, and recommended to City Planning staff that public notification be expanded beyond residences within 1000 feet of a park.

Motion approved to support a cellular tower at Reichmuth Park on the condition that additional landscaping and trees be placed adjacent to the new tower to provide a windscreen for the tennis courts and to improve the aesthetics of the area, and that Councilmember Fong allocate the annual lease revenues to improve the park.
