SUMMARY:

- In 1996 the City of Sacramento executed an Outsource Striping and Markings Contract (Contract #96-124) with Centerline Striping Company, Inc. They were established as the low bid contractor by this unit price agreement, and have agreed to hold the prices set by that agreement for current work.

City Council

Authorize Change Order with Centerline Striping for Pocket Road Bike Lane (TG44)

November 30, 1999

- It is in the best interest of the City of Sacramento to reset change order authority and the end date of this contract, which will save both time and money needed to bid this and other similar striping projects.
- Transferring funds from TG44 into SJ86, totaling an amount of \$10,000 will provide funding needed to cover the cost of the Bike Lane Striping improvements on Pocket Road.
- Approve Change Order #2 to the contract with Centerline Striping Company, Inc. for an amount of \$9,868 for the installation of striping and other revisions.

COMMITTEE/COMMISSION ACTION:

None.

BACKGROUND INFORMATION:

- On September 26, 1996, the City Council approved the Outsource Striping & Markings Contract (Contract #96-124) with Centerline Striping Company, Inc.
- On August 19, 1998, Change Order #1 for an amount of \$47,820 was accepted, bringing the revised agreement amount to \$99,995.
- On October 25, 1999 Centerline Striping Company, Inc. submitted a proposal to complete the Bike Lane Striping work on Pocket Road for an amount of \$9,868 based on the unit pricing amounts set by Contract #96-124.

FINANCIAL CONSIDERATIONS:

- The funding for this project is provided by Capital Improvement Project TG44, Fund 201.
- The unobligated fund balance in Project TG44 is \$50,334, which is sufficient for this transfer.
- The unobligated fund balance in Project SJ86, after this transfer of funds, will be \$47,523, which will be sufficient to cover this agreement.

ENVIRONMENTAL CONSIDERATIONS:

This project, Pocket Road Bike Lane Striping, is exempt from the provisions of CEQA under CEQA provisions Section 15301(c). This project does not involve any construction other than painted striping on existing paving and the installation of two informational bike path pole signs.

POLICY CONSIDERATIONS:
