R. H. PARKER
CITY ENGINEER

J. F. VAROZZA
ASSISTANT CITY ENGINEER

City Council
Sacramento, California

Honorable Members in Session:

SUBJECT: Recommendation of Bid Award for Sacramento River Water Treatment Plant Discharge Piping Modifications

SUMMARY

The subject project, as part of the City's capital improvement program, has been advertised for bids. Bids have been received and the City Engineer hereby recommends bid award.

BACKGROUND

On March 20, 1979, the City Council approved plans and specifications for Sacramento River Water Treatment Plant Discharge Piping Modifications, and bids were received and opened by the City Clerk in the Council Chambers on April 10, 1979. The bids received are as follows:

| | |
|--------------------------------|-------------|
| Triangle Engineering | \$96,650.00 |
| American Contracting Engineers | 121,325.00 |
| Homer J. Olsen, Inc. | 135,250.00 |

FINANCIAL DATA

This project is part of the Water & Sewer Division's program to increase capacity at the Sacramento River Water Treatment Plant, which was budgeted in Fiscal Year 1977/78. The estimated construction cost for this project is \$80,650.00. The low bid of Triangle Engineering is 20% over the engineer's estimate, due to the unusual nature and difficulty in estimating this type of work; however, we feel it is the best bid obtainable. Ample funds are available for this work; as of April 6, 1979 there is \$1,136,301.96 of unencumbered funds in the Sacramento River Water Treatment Plant Project, of which the subject project is a portion.

RECOMMENDATION

It is recommended that the low bid of Triangle Engineering in the amount of \$96,650 be accepted.

Recommendation Approved:

Walter J. Slipe
Walter J. Slipe, City Manager
