City Council Sacramento, California

Honorable Members In Session:

SUBJECT: Approval of Plans and Specifications and Authorization to Advertise for Bids for City Landfill Expansion

SUMMARY:

Plans and specifications have been prepared for this project. Approval of the plans and specifications and authorization to advertise for bids is recommended.

BACKGROUND:

The existing landfill is rapidly approaching the full condition. The site for the current expansion is estimated to alleviate the problem for a period of two to three years.

FINANCIAL:

The engineer's estimated construction cost is \$3,071,000. The project is scheduled for Certificate of Participation Financing. There are no funds currently budgeted for the project, but the proceeds from the sale of the Certificates of Participation are scheduled to be available approximately November 1, 1984. Therefore, no budgetary recommendation will be made until receipt of bids.

RECOMMENDATION:

It is recommended that the plans and specifications be approved and the City Clerk be authorized to advertise for bids to be received on October 30, 1984.

Respectfully submitted,

[Signature of L. M. Frink]

L. M. Frink Deputy Director of Public Works

APPROVED:

[Signature of Melvin H. Johnson]
