

RESOLUTION NO. 2005-612

Adopted by the Sacramento City Council

August 16, 2005

MODIFYING THREE TRANSPORTATION CAPITAL IMPROVEMENT PROJECTS (CIPs): 65TH STREET IMPROVEMENTS, 14TH AVENUE TO THE SOUTH CITY LIMITS (PN: TY06); INFILL SIDEWALKS PROJECT (PN: RJ66); AND SAFETY IMPROVEMENTS PROJECT (PN: SN31)

BACKGROUND

- A. The Safety Improvements Project (PN: SN31) was funded in 2000 with \$605,000 in local funds to design and construct sidewalks around schools.
- B. The Infill Sidewalks Project (PN: RJ66) was programmed in 2001 with \$570,000 in federal and local funds to design and construction of infill sidewalks at various locations within the City.
- C. The 65th Street Improvements, 14th Avenue to the South City Limits Project (PN: TY06) was funded in 2001 with \$905,000 in federal and local funds to design sidewalk improvements along 65th Street. It is unlikely that the City would be able to receive sufficient federal funds to construct improvements along the length of 65th Street.
- D. Sidewalk improvements are needed to serve Hiram Johnson High School along the west side of 65th Street from 14th Avenue to 21st Avenue. These improvements are approximately \$1,470,000. This section is ranked number 1 and number 3 in the Sidewalks to School Section of the Transportation Programming Guide.
- E. Combining the Infill Sidewalks Project (PN: RJ66) into the 65th Street Improvements Project (PN TY06) and changing the scope of the 65th Street Improvements Project to design and construct sidewalk improvements on the west side of 65th Street from 14th Avenue to 21st Avenue would eliminate the federal process for one project and allow the construction of needed sidewalks adjacent to Hiram Johnson High School.
- F. Changing the scope of the Safety Improvements Project (PN: SN31) to design and construct small gaps of missing sidewalks and changing the title to Sidewalk Gap Closure Project (PN: SN31) will ensure that this need is also addressed.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The title of the 65th Street Improvements, 14th Avenue to the South City Limits Project (PN: TY06) is changed to 65th Street Improvements, 14th Avenue to 21st Avenue Project (PN: TY06) and the description is changed to design and construct sidewalk improvements on the west side of 65th Street from 14th Avenue to 21st Avenue.
- Section 2. The FY05/06 Capital Improvement Program revenue and expenditure budgets are amended by transferring \$12,458 Measure A (Fund 201) from the Infill Sidewalk Project (PN: RJ66) to the 65th Street Improvements, 14th Avenue to 21st Avenue Project (PN: TY06).
- Section 3. Staff is directed to bring a Measure A (Fund 201) reallocation request in the amount of \$12,458 to the Sacramento Transportation Authority (STA) Board for approval.
- Section 4. Staff is directed to process the necessary paperwork with SACOG and Caltrans to reprogram \$500,000 in federal funds from the Infill Sidewalk Project (PN: RJ66) to the 65th Street Improvements, 14th Avenue to 21st Avenue Project (PN: TY06).
- Section 5. The FY05/06 Capital Improvement Program revenue and expenditure budgets are amended by appropriating \$500,000 (Fund 511) to the 65th Street Improvements, 14th Avenue to 21st Avenue Project (PN: TY06), once the federal paperwork is complete.
- Section 6. The title of the Safety Improvements Project (PN: SN31) is changed to Sidewalk Gap Closure Project (PN: SN31) and the description is changed to design and construct small gaps of missing sidewalks at various locations.
- Section 7. The Infill Sidewalk Project (PN: RJ66) is cancelled.
