

RESOLUTION NO. 2006-842

Adopted by the Sacramento City Council

November 21, 2006

PURCHASE OF EMC COMPUTER HARDWARE AND ASSOCIATED SOFTWARE, EQUIPMENT, INSTALLATION AND MAINTENANCE SERVICES FROM NORTHROP GRUMMAN CORPORATION IN AN AMOUNT NOT TO EXCEED \$ 500,000

BACKGROUND

- A. The City of Sacramento has initiated an Enterprise Resource Planning (ERP) Project, now officially known as eCAPS, which will result in the acquisition and implementation of a software system to replace the legacy city-wide systems for Financial and Human Resources/Payroll administration.
- B. The purchase of the EMC computer hardware and Storage Area Network (SAN) equipment is needed to support the eCAPS development and production storage environments
- C. Through the use of cooperative purchasing contracts, the City has an opportunity to obtain favorable pricing through volume purchasing and maximize cost-saving opportunities and staff resources. For the foregoing reasons, it is advantageous for the City to purchase the requested EMC computer hardware, equipment and maintenance services from Northrop Grumman Corporation through the State of California Strategic Sourcing Initiative Contract #1S-05-70-10.
- D. Staff requests that the Mayor and Council accept the bids obtained competitively by the State of California as the basis for awarding the City contract, in accordance with Sacramento City Code section 3.56.240, which allows for use of cooperative purchasing contracts through other governmental jurisdictions or public agencies without separate competitive bidding.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The City Manager, or authorized designee, is hereby authorized to purchase, through a cooperative purchasing agreement, EMC computer hardware and associated software, equipment, installation and maintenance services from Northrop Grumman Corporation using the State of California Strategic Sourcing Initiative Contract #1S-05-70-10, for an amount not to exceed \$500,000.
